

Javid Zohrabi Chakaneh

M.Sc. Student Of Mechanical Engineering- Energy Conversion Field
Department Of International Campus
[Ferdowsi University Of Mashhad](#)

Javid Zohrabi Chakaneh obtained the B.Sc. degree in 2010 from Islamic Azad University (Mashhad Branch - Iran) in Mechanical Engineering. His thesis involved "The Design and Fabrication of Biodiesel Machine in Laboratory-Scale" in which he published a paper and two patents under the supervision of Dr. Kazem Bashirnezhad. In 2012 he enrolled in the M.Sc. program at Ferdowsi University of Mashhad. During his M.Sc. studies, he patented and commercialized three different ideas with industrial application. He also was head researcher of [MNL lab in Ferdowsi University of Mashhad](#) He was graduated from the M.Sc. degree in 2012 with a thesis entitled "Fabrication of an adjustable drop generator to perform an experimental study of the effect of surface roughness and incline angle on drop impact" under the supervision of [Dr. Mohammad Passandideh-Fard](#)

Prof. Kazem Bashirnezhad
